Institute of the International Association for Research and Testing in the Field of Textile Ecology

The company

BETAREKS METALIZE IPLIK VE AMBALAJ SAN. A.S.
Gerze Sinop Karayolu 5. Km, Yaykil Köyü Mevkii
Gerze / Sinop, TURKEY

is granted authorization according to Oeko-Tex® Standard 100 to use the Oeko-Tex® mark, based on our **test report 12.0.15716**

Tested for harmful substances
according to Oeko-Tex® Standard 100

12.HTR.15716

Hohenstein

for the following articles:

White, dyed metallized, transparent and pearl yarns made of polyester as well as yarns made of polyester, polyamide/polyester and rayon (viscose) covered with dyed metallized polyester yarns, coloured glitter powder made of metallized polyester yarn as well as metallized polyester films; produced by using materials certified according to Oeko-Tex® Standard 100.

The results of the inspection made according to Oeko-Tex® Standard 100, **product class II** have shown that the above mentioned goods meet the human-ecological requirements of the standard presently established for products with direct contact to skin.

The certified articles fulfil the requirements of Annex XVII of REACH (incl. the use of azo-dyes, nickel, etc.) as well as the American requirement regarding total content of lead in children's articles (CPSIA; with the exception of accessories made from glass).

The holder of the certificate, who has issued a conformity declaration according to ISO 17050-1, is under an obligation to use the Oeko-Tex® mark only in conjunction with products that conform with the sample initially tested.

This authorisation is valid until 31.01.2014

Boennigheim, 16.01.2013
